Dear Phi Delta Theta Alumni & Loyal Supporters

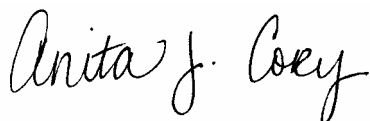

On behalf of The Center for Fraternity & Sorority Life staff members at Washington State University, it is our pleasure to recognize the efforts being made by the alumni of Phi Delta Theta's Washington Gamma chapter to improve its chapter facility. Infrastructure enhancement is a key to making our chapter houses wholesome inviting living places. The drive and dedication of so many on behalf of the Gamma chapter of Phi Delta Theta is a testament to the rich experience fraternity life provides.

The Center for Fraternity & Sorority Life at Washington State University is committed to working with all chapters in the pursuit of excellence. Our entire staff is devoted to designing and implementing policies, procedures, and educational initiatives that advance and support the fraternities and sororities on our campus. As such, we recognize that it takes a village to ensure that our chapters succeed and provide the best experience possible for all of their members. There is nothing more appreciated in our office than caring, involved alumni striving to make a difference. We are proud of the WSU Greek Community and that pride is in no small part attributed to the loyal alumni the community has produced.

We commend you for your dedication and commitment and are greatly impressed by all those who have stepped forward to provide much needed assistance to Washington State Gamma chapter. We encourage you to keep up the good work and invite you to connect with us when you are in the area or if we can help you in any way.

Go Cougs!!!

Interfraternally,

Anita Cory
Director of the CFSL
